## **AlbTelecom selects Infonova BSS Release 6 to support their future growth**

**GRAZ, AUSTRIA - November 16<sup>th</sup> 2009** –Infonova, one of the leading Next Generation BSS vendors, announced that AlbTelecom Sh.a., has selected Infonova’s end-to-end order-to-cash BSS Release 6 to address its future growth and manage customers, orders, billing and cash-collections for multi-play products and services.

AlbTelecom provides fixedline and Internet services and is the leading operator in Albania. AlbTelecom is owned by the Calik Holding – one of Turkey’s leading industrial groups with interests in Media, Telecom, Energy, Gas Distribution, Banking, Construction, Trade and Textiles.

“Our future plans for AlbTelecom are to improve quality of services and to provide our customers with the latest modern services. Our investment program in Albania is without comparison. Infonova’s BSS is integral part of our investment strategy and we are glad to extend our relationship with this Austrian company.” says Mustafa Akdogan, CEO of AlbTelecom.

Vahap Yeroglu, AlbTelecom CIO said: “The new release gives us the capabilities we need to support our growth strategy. Infonova’s Release 6 allows a fast time-to-market in terms of system integration as well as highly innovative features like service bundling, virtualization and multi-tenant capabilities easily at low operational cost out of one pre-integrated platform.

AlbTelecom will not only be ahead in Albania, but also ahead of many international incumbents and service providers since we will be enabled to unlock new revenue streams by applying Telco2.0 business models with the new BSS platform. Our objective is that our company will be considered as the most innovative and best practice operator in the industry.”

“We are delighted that AlbTelecom has decided to upgrade to the latest BSS Release 6 platform. We look forward to maintaining the very special relationship we have with AlbTelecom” said Andrew Thomson, VP Infonova Solutions.
